Apply them anywhere!

Glowbys Barrettes with
Colorful Acrylic Rhinestones

Lead Free!

luminence

Swarovski® Crystals

Glowbys Light up your hair with Glowbys fiber optic hair accessories! Like stars, Glowbys shine more brilliantly the darker it gets. Great for parties, prom, concerts, Halloween, Mardi Gras, St Patrick's Day - any nighttime event!

Glowbys are reusable - just change the two batteries when Glowbys become too dim. A pair of batteries typically last 10 hours, and can be turned off when not in use.

Hide the thin barrette under the hair so that only the lights are visible, or wear rhinestone-covered **Gem Glowbys** like a normal barrette.

Each Glowby has ~60 fibers and is 14" long, but can be cut to any length. A star of light appears wherever the fiber is cut. Glowbys come in a cascade fiber pattern, but can easily be styled into any updo or hairstyle. Use your imagination!

Diamond White – bright white; sparkles like diamonds

Electric Blue – very bright blue

Princess Pink – bright pink

Rainbow - cycles through all colors of the rainbow!

Bright Green – very bright, pure green

Ruby Red – very bright, vivid red

Deep Violet – moderately bright purple/black light

Glitzy Gold – medium bright yellow with orange tinge

Seasonal Colors:

Orange - Halloween; Blue-Red Flash - 4th of July

Hair Crystals

Crystal Tresses Elegant crystal strands; 10 inches long with 8 crystals per strand. Holds firmly in the hair via two small magnets. Easily attachable and removable, to be worn over and over again.

Crystal Stars 12 Individual Swarovski Hair Crystals. Easily attachable and removable; just peel off and apply to your hair, or anywhere! May be reused once.
